Suunto Race Ultimate Performance Watch (Titanium) - AMOLED display, HRV recovery metrics, and up to 26 days battery. Perfect for racing and training.

Description

Suunto Race Ultimate Performance Watch – Titanium

The **Suunto Race** is your ultimate performance companion for racing and training. Combining a bright *AMOLED display*, *HRV recovery measurement*, and up to 26 days of battery life, it helps you find the perfect balance between pushing your limits and staying recovered.

Key Features

- **High Definition AMOLED Screen:** A vivid 1.43" display that stays clear in direct sunlight.
- **HRV Recovery Measurement:** Track heart rate variability (HRV) to gauge recovery, manage stress, and optimize training.
- **Advanced Training Metrics:** AI-assisted feedback on training load, progress, and recovery to help you reach peak performance.
- **95+ Sport Modes:** From triathlons to trail running, easily customize your stats for any activity.
- **Free Offline Maps:** Plan routes and navigate from your wrist without internet access.
- **Up to 26 Days Battery (Standby):** Enjoy mind-blowing battery life despite the vivid AMOLED display. Switch to Tour mode for multi-day GPS tracking.

Built for Racing & Training

Whether you're racing others or racing against yourself, the Suunto Race
