Description

Suunto Vertical Solar Adventure Watch – Stainless Steel

The **Suunto Vertical Solar** is a powerful watch designed for adventurers seeking exceptional battery life, unmatched accuracy, and rugged durability. Whether you're pushing toward the highest peaks or traversing remote valleys, its *solar charging* feature and *dual-band GPS/GNSS* help you stay on course even in challenging environments.

Key Highlights

- **Outdoor Offline Maps:** Store topographic maps (contours, water, trails) directly on the watch – no internet connection required.
- **Dual-Band GPS/GNSS:** Uses multiple satellite systems (GPS, GLONASS, GALILEO, QZSS, BEIDOU) across two frequency bands for faster, more accurate positioning (especially in difficult terrain).
- **Up to 60 Days Battery (Daily Mode):** Industry-leading battery life that's boosted by solar charging (*adds up to 30% more endurance*).
- **95+ Sport Modes:** Covers running, cycling, swimming, cross-country skiing, and more. Track every activity with advanced training metrics (e.g., *heart rate variability/HRV*).
- **Altimeter, Barometer & Compass:** Gain critical situational awareness in extreme conditions. Includes *storm alarms*, sunrise/sunset times, and weather alerts to help you avoid sudden weather changes.
- **Military-Tested Durability:** Built tough for harsh environments –

shock-resistant, water-resistant to 100 m, and functional in temperatures from -20°C to +55°C (-5°F to +130°F).

- **Route & POI Navigation:** Create waypoints (*Points of Interest*) or import routes for turn-by-turn guidance. Use all navigation features fully offline if needed.
- **Suunto App Integration:** Plan, analyze, and share your adventures with detailed data tracking, or connect to services like Strava.

Why Suunto Vertical Solar?

Some people opt for the average - but real adventurers need a tool they can trust. Suunto Vertical Solar delivers the best combination of **battery life** and **GPS accuracy** on the market. Its solar panel extends operating time and ensures you won't need to charge often.

"Never get lost exploring" - with offline map access, powerful navigation tools, and reliable altitude readings, this watch has you covered wherever you roam.

Train for Your Next Adventures

Beyond exploration, the Suunto Vertical Solar is an everyday training companion with 95+ sport modes. Track your performance, receive *personalized feedback* on load and recovery, and monitor your HRV (heart rate variability) for insights into fitness and stress levels.

Specifications

- **Dimensions:** 49 x 49 x 13.6 mm (1.93 x 1.93 x 0.54 in)
- **Weight:** 87 g (3.07 oz)
- **Bezel Material:** Stainless Steel
- **Glass Material:** Sapphire Crystal (highly scratch-resistant)
- **Case Material:** Glass Fibre Reinforced Polyamide (robust and lightweight)
- **Strap Material:** Silicone (comfortable and durable)
- **Water Resistance:** 100 m
- **GNSS Frequency Support:** L1 + L5
- **Built-in Storage:** 32GB for offline maps
- **Operating Temperature:** -20°C to +55°C (-5°F to +130°F)
- **Battery Life:** Up to 60 days in daily mode (*1 year in standby with solar in optimal conditions*).
- **Training Mode:** Up to 65h (90h with solar) in highest GPS accuracy mode (*multi-band GNSS*).
- **Connectivity:** Bluetooth for smartphone notifications, media controls, and app syncing.

What's in the Box?

- Suunto Vertical Solar Canyon (Stainless Steel edition)
- Charging Cable
- Printed User Documentation
