### Description

ROBUST EQUIPMENT BAG MADE OF 700 D CORDURA WITH 65 LITERS VOLUME: TT DUFFEL 65

The TASMANIAN TIGER Duffel 65 can be comfortably loaded due to the large opening into the main compartment. The main compartment is lockable. If needed, the entire bag can be compressed, and it has removable shoulder straps that can be stored in the lid. MOLLE on the outside allows for individual extensions.

- Ergonomically formed, padded shoulder straps
- Removable shoulder carrying system, shoulder straps are stowed in the lid
- Detachable compression straps
- Handles on all four sides
- Lockable zipper slider
- Mesh pocket inside the lid
- Volume: main compartment 65 l
- Padded bottom
- Bungee cord compression in main compartment
- Wide pocket opening for easy packing
- MOLLE system on the external side
- Laser-cut MOLLE system
- Inner pockets with zips

Measurements:	70 x 36 x 28 cm
Volume:	65 l
Weight:	1,42 kg
Fabric_1:	CORDURA® 700 den
Fabric_2:	420 HD Nylon FD

### CORDURA® 700 DEN

Composition 100% Polyamide

CORDURA® in fibre thickness 700 den combines the high wear and tear resistance of the classic 1000 den fabric with the lightness of the 500 den fabric.

### 420 HD NYLON FD

Composition 100% Polyamide

The classic 420 den nylon material proves itself in the "High Density" (HD) version as a good base material, which can be used flexibly. The 420 den thread results in a high tensile strength, at the same time this FD yarn (Full-Dull) gives the material a matte surface. The triple PU coating makes it waterproof.

Brand country - Germany.
