Description

Templar's Gear Cobra D Tactical Belt

The **Templar's Gear Cobra D Tactical Belt** is a **medium-rigidity duty belt** designed for professional users who demand reliability, strength, and adaptability. Crafted for both **tactical and rescue applications**, it's ideal as a standalone outer belt or as part of the **PT1/PT4 inner belt system**. Built from **high-strength 44 mm webbing**, the belt ensures optimal stability when carrying light gear, sidearms, or mission-critical accessories. The **AustriAlpin Cobra metal buckle** with integrated **D-ring** provides an incredible **18 kN strength rating**, making it suitable for emergency anchoring and personal assurance tasks. Its one-sided adjustment design allows for a secure, custom fit, and consistent load-bearing comfort during extended use.

Key Features

- **44 mm wide** tactical webbing - medium rigidity for reliable gear support
- **AustriAlpin Cobra buckle** - tested to 18 kN tensile strength
- **Integrated D-ring** - for safety harness or rescue use
- **One-side adjustable** for a precise and secure fit
- **Ideal for PT1/PT4 systems** or light equipment carry
- **Durable construction** for long-term field reliability
- **Comes with black buckle** for a clean, tactical look
