Terra Nova Bothy Bags are a lightweight and compact emergency shelter with excellent features. Every group, expedition and single outdoor user should have one, they create a 'microclimate' for escaping from the elements.

1-4 Weeks

Description

Used by mountain leaders, rescue organisations, backcountry skiers and canoe guides all over the world, these indispensable lightweight emergency shelters allow the users to create a 'microclimate' that is warm and dry - perfect for map reading, group discussions or even as a morale-booster for wet lunch breaks. Bothy bags come in a range of sizes and feature clear windows, mesh vents and roof 'sockets' which can house walking poles for additional support. In 2014 we have modified the bothy's with a new low temperature PU window allowing it to function in even lower temperatures (up to -30C).

Specification

- Sleeps: 2, 4, 8, 12
- Packed Size: 22x11.5 cm, 27x11 cm, 30x14 cm, 33x16 cm
