Description

Thermowave Men's Merino Warm Thermal LS Shirt - 100% Merino Wool Base Layer

The **Thermowave Men's Merino Warm Thermal LS Shirt** is an ultra-lightweight base layer designed to deliver an exceptional **warmth-to-weight ratio** in cool to cold weather conditions. Made from **100% natural merino wool (180 GSM)**, this shirt provides reliable insulation without bulk, making it ideal when every ounce matters.

Thanks to its **unique rib knit structure**, the Merino Warm collection offers excellent thermal regulation, breathability, and next-to-skin comfort. The natural antibacterial properties of merino wool help prevent odors, while the soft fibers ensure a **no-itch, dry, and comfortable feel** throughout prolonged outdoor activity.

Designed with performance in mind, the shirt features a **next-to-skin fit**, raglan sleeves for unrestricted movement, and flatlock seams to eliminate chafing. It is a dependable choice for active use in cold environments.

- **Construction:** Rib knit, flatlock seams
- **Gender:** Men

Recommended Use

- Winter sports
- Mountaineering
- Hiking
- Camping
- Bushcraft
- Outdoor activities
- Travel

Sustainability

Merino wool acts as a natural climate control system, keeping the body warm in cold conditions and cool when temperatures rise. It is a renewable, biodegradable material that regrows annually and comes from natural resources such as water, sunlight, and grass.

All Thermowave merino garments are made using **mulesing-free wool**. This commitment supports animal welfare and reflects Thermowave's dedication to responsible and sustainable production.

Care Guide

- Machine wash on wool cycle (max 30°C)
- Wash inside out with similar colors
- Use wool detergent only, avoid fabric softeners
- Do not bleach or tumble dry
- Reshape when wet and dry flat
- Cool iron if needed (max 110°C)

ORDER CONFIRMATION

Following these steps will maximize the **longevity, comfort, and performance** of your Thermowave base layer.

FAQ

Is this shirt suitable as a base layer? Yes, it is designed to be worn as a base layer in cold and cool weather.

Does merino wool itch? No, it is made of fine, soft merino fibers that provide a smooth, non-itch feel against the skin.

Does it retain odor after long use? No, it has natural properties that help reduce odor build-up, even during extended wear.

Glossary

- **Merino wool:** A natural fiber known for temperature regulation, breathability, and softness.
- **GSM:** Grams per square meter, indicating fabric thickness and weight.
- **Flatlock seams:** Low-profile seams designed to minimize skin irritation.
- **Raglan sleeves:** Sleeve construction that improves mobility and comfort.

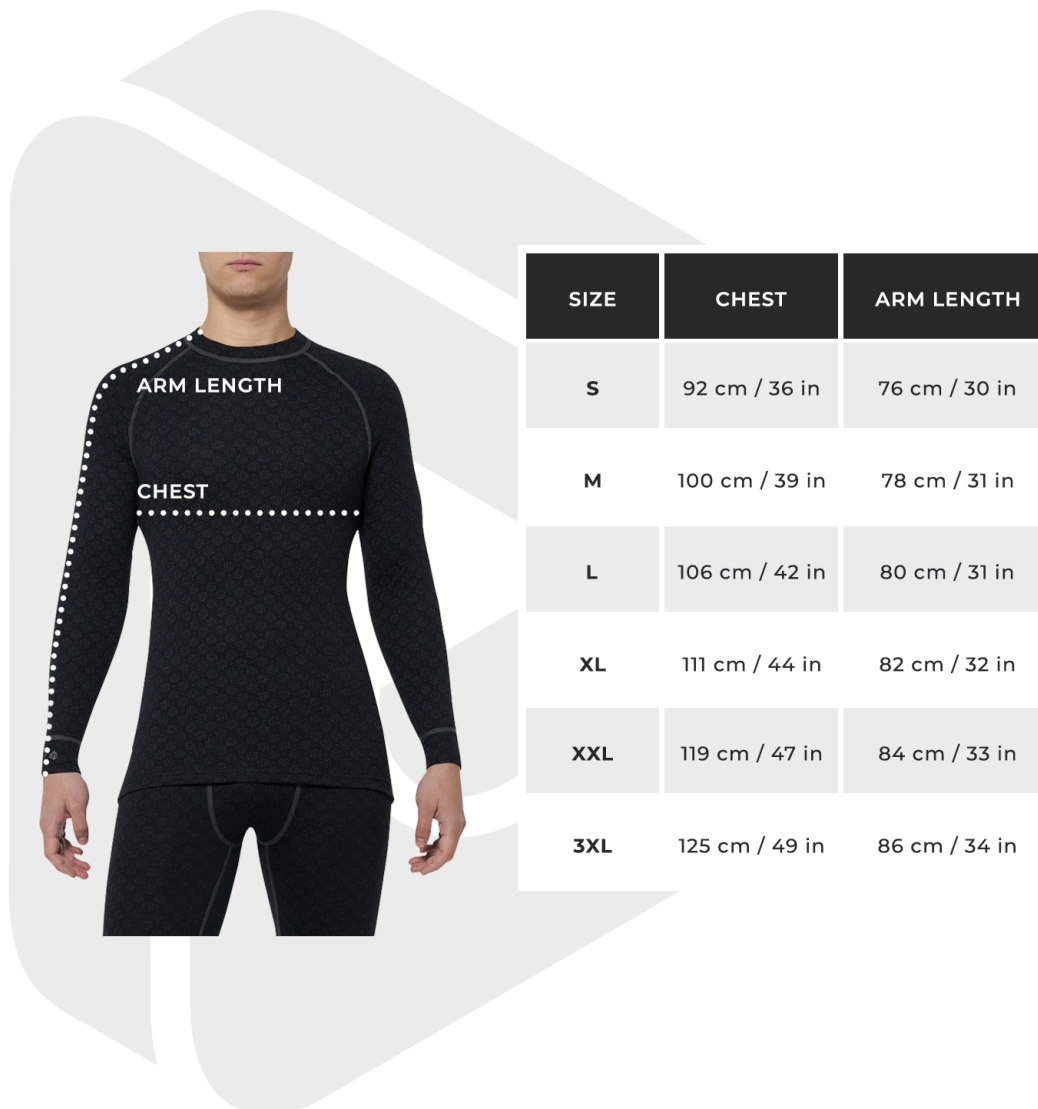

Size Guide

Refer to the official Thermowave size chart for men's tops:
