Description

THERMOWAVE Men's Merino Xtreme Thermal LS Shirt

The **Thermowave Merino Xtreme Long Sleeve Shirt** is our best-selling **220 GSM dual-layer base layer**, designed for bravers who face cold weather during **winter sports, mountaineering, hiking, camping, bushcraft, or training outdoors**. Crafted from a premium blend of **Merino wool and Polyester**, it offers an unbeatable balance of warmth, durability, and moisture management.

The **inner layer of functional Polyester** ensures rapid moisture wicking, keeping you dry and comfortable during high activity. The **outer Merino wool and polyamide blend** provides exceptional insulation, natural antibacterial properties to resist odors, and eco-friendly sustainability. With a super-soft touch, flat seams, and a tailored fit, this thermal shirt guarantees all-day comfort without itching - even for sensitive skin.

This base layer is built to deliver **maximum warmth-to-weight ratio**, superior **moisture management**, and **long-lasting comfort**, making it ideal for demanding cold-weather conditions. Designed for those who require dependable thermal performance without compromise.

Perfect for **winter sports athletes, hikers, bushcrafters, travelers, cyclists, and outdoor professionals**. Whether you're on a ski slope, mountain trail, or expedition, the Merino Xtreme Shirt ensures you stay warm, dry, and odor-free.

Wear the Merino Xtreme shirt as your **first layer** in cold weather. The slim fit ensures it works seamlessly under mid-layers or outer shells. Thanks to

its **longer backside** design, it provides extra coverage and warmth, preventing cold air from entering.

Due to **MerinoDry technology**, you'll stay fresh, dry, and warm for longer periods, no matter how intense your activity gets.

Specifications

- **Material:** 80% Merino wool & 20% polyamide (outside), 100% functional polyester (inside)
- **Fabric Thickness:** 220 GSM dual layer
- **Fit:** Next-to-skin, ergonomic design
- **Features:** Flatlock seams (anti-chafing), long backside, ultra-soft touch, odor resistant
- **Moisture Management:** Quick-drying inner polyester
- **Insulation:** Natural Merino wool for warmth & breathability
- **Weight Class:** Lightweight, warm, and durable
- **Eco-friendly:** Merino wool is mulesing-free, biodegradable, and renewable

Sustainability

Merino wool acts as your body's natural air-conditioning system, regulating temperature in both cold and hot conditions. It is **100% natural, renewable, and biodegradable**. Thermowave exclusively sources **mulesing-free wool**, supporting animal welfare while ensuring the highest garment quality.

Care Guide

- Machine wash on wool cycle (max 30°C)
- Wash inside out with similar colors
- Use wool detergent only, avoid fabric softeners
- Do not bleach or tumble dry
- Reshape when wet, dry flat
- Cool iron if needed (max 110°C)

Following these steps will maximize the **longevity, comfort, and performance** of your Thermowave base layer.

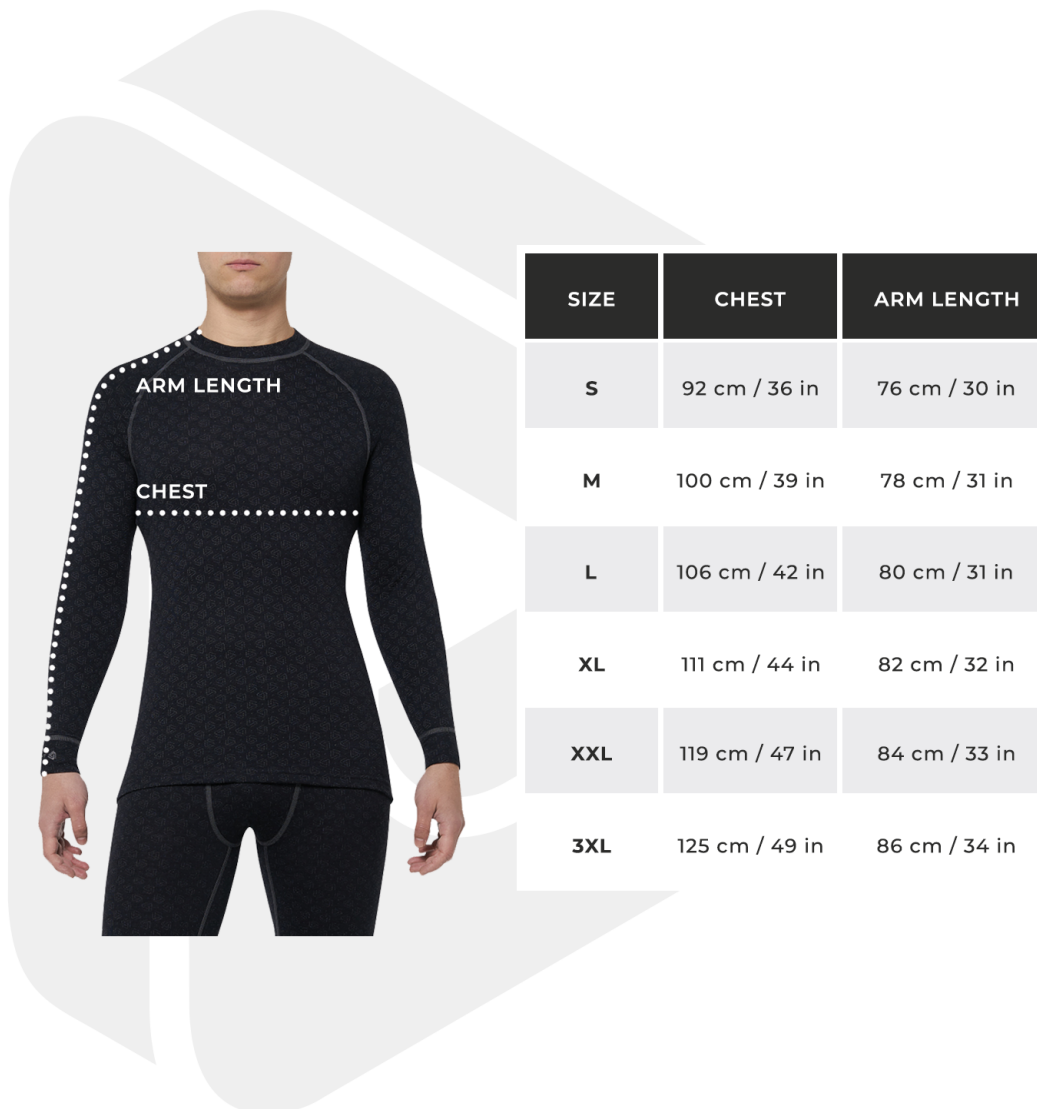

Size Guide

Refer to the official size chart for men's tops:
