Trigalight® Illumination Technology

Trigalight® uses tiny tritium gas tubes sealed inside the watch hands and hour markers, creating a constant glow visible for more than 10 years without external charging. This makes the P66 Red Combat perfectly readable in darkness, underwater, or combat conditions – an advantage trusted by professionals worldwide.

Advantages of Traser Watches

- **Swiss Made:** Designed and produced by mb-microtec ag in Switzerland, creators of Trigalight® technology.
- **Military-grade durability:** Resistant to shock, vibration, and extreme environmental stress.
- **Always readable:** Self-luminous illumination for 24/7 visibility.
- **Waterproof design:** Reliable performance under pressure up to 200 meters.
- **Precision mechanics:** Quartz-driven accuracy with long battery life.

Glossary

- **Trigalight®:** Swiss self-powered illumination system that glows for over 10 years without charging or batteries.
- **Quartz Movement:** Highly accurate electronic timekeeping mechanism powered by a battery and quartz crystal.
- **Sapphire Crystal:** Synthetic sapphire glass with exceptional scratch resistance and clarity.
- **ATM:** Unit of pressure used to indicate water resistance. 20 ATM equals 200 meters.
